“Turner Construction has proudly been a Momentum Investor for the past three years, and it has truly been a worthwhile investment!

As an organization deeply committed to supporting our community, we strive to engage with a variety of impactful initiatives whenever possible. The MIP program provides us the opportunity to strategically plan our sponsorships and ensure our involvement in all of our favorite ACI events for the entire year—through just one streamlined process.

Since I joined the industry three years ago, attending ACI events has helped me expand my professional network at an accelerated pace. The connections made through the MIP program go beyond the realm of construction—they have significantly contributed to our Workforce Development efforts as well!

Securing our sponsorships and event commitments in advance has been a game-changer. By having these events on our calendars with plenty of notice, we’ve been able to avoid scheduling conflicts and maximize our team’s participation and engagement.”
